MUNAVATH VIJAY

munavathvijay00@gmail.com| 7013906794 | LinkedIn | GitHub | LeetCode

Profile

Motivated Computer Science student passionate about AI systems, Machine Learning, and Large Language Models (LLMs). Interested in scalable AI infrastructure, modern web technologies, and intelligent agentic systems.

Skills

Languages: C, C++, Go, Java, JavaScript, TypeScript, Rust, Python
AI/ML Tools: OpenAI, Gemini, LangChain, TensorFlow, AI Agents, MCPs, CrewAI
Frontend: HTML5, React, Next.js, TailwindCSS, Three.js, Framer Motion
Backend: Node.js, Express.js, FastAPI, Postman, OpenCV, PostgreSQL, MongoDB
Cloud/DevOps: AWS, Azure, Google Cloud, Docker, Vercel, Supabase

Education

Geethanjali College of Engineering and Technology (GCET) Hyderabad
B. Tech in Computer Science Engineering (AI & ML) Mar 2024 – Present

Projects

Match Winner Predictor | *Python, NumPy, Pandas, scikit-learn*

- Built ML model to predict match outcomes using historical data.
- Applied preprocessing, feature engineering, and model evaluation.
- Visualized trends with Matplotlib/Pandas to improve accuracy.
-

Tokenize RWA Template | *Solidity, Smart Contracts*

- Created blockchain app for tokenizing Real-World Assets (RWA).
- Implemented secure asset tokenization and ownership management.
- Built interface for decentralized asset interaction.

Achievements and courses

- Internship completion certificate | InTernPe | June *2026* | View Certificate
- Introduction to Generative AI |Google Cloud Simplilearn SkillUp |31 Aug 2026 | View Certificate
- Getting started with Machine Learning Algorithms | Simplilearn SkillUp |17 Sep 2026 | View Certificate
- Get started with Databricks for Generative AI |databricks Simplilearn SkillUp |2 Sep 2026 | View Certificate
- AI in Finance | Simplilearn SkillUp | 9 Sep 2026| View Certificate
